

VIDEOGRAPHY

WANT TO BECOME A VIDEOGRAPHER

Videography refers to the process of capturing moving images on electronic media (e.g., videotape, direct to disk recording, or solid state storage) and even streaming media. The term includes methods of *video* production and post-production. - Wikipedia

Do you enjoy filming and capturing moments, making movies or creating music videos. Then videography is the course for you.

Getpix Creative College offers a range of videography courses to suit all needs.

Our part time courses are designed for those inspiring videographers that have limited time to study. We start at the very beginning and help you develop your skills as a videographer, videoing and editing using Adobe Premier Pro.

For those who want to make videography their career, we offer a 6 month course. In-depth tuition to get you started on your chosen career path.

6 MONTH VIDEOGRAPHY COURSE

About The Course:

Our 6 month videography course teaches you to become the producer, gaffer, script writer, lighting technician, editor and just as importantly a videographer. You will learn everything from planning and scripting to storyboard and camera techniques. Add cinematography, advanced techniques, team shoots, production directing and editing to fine tune your skills even further.

You will need to promote your work for prospective clientele and there is no better platform than Vimeo and YouTube. Optimizing your video is paramount.

You will create short videos for events such as theatre, church, corporate identities and weddings. We visit post productions houses and a television station to whet your appetite for your chosen career.

All of our 6 month and 1 year courses include learning how to market yourself. Customer relations and advertising adds to balancing your 6 month at Getpix Creative College, so that you are fully prepared to enter into the videography world with plenty of theoretical and even more practical hands-on creativity.

6 MONTH VIDEOGRAPHY COURSE

Computer Specifications - Minimum:

- i3 Processor, i5 or higher recommended
- 4Gig RAM, 8Gig or higher recommended
- At least 4-8Gig of hard drive space
- 1 Gig graphics card required, Dedicated card such as Nvidia or AMD strongly recommended
- Screen resolution of at least 1024x768, 1280x1024 recommended

Please note: the faster your machine, the quicker it will run as well as quicker the files will render. It is recommended to go for the fastest you can afford but for those strapped for cash, the minimum specs will be sufficient. I will just take a little longer to get things done.

PART TIME VIDEOGRAPHY COURSE

Our part time courses, comprise of 4 lessons of 4 hours each, once a week, for a duration of a month.

Classes are kept small, to a maximum of 8 students, to ensure maximum attention from our instructors.

We cover the important theory without you having to go through the boredom of reading the manual. The practical work during classes will keep you on your toes and seeing objects from a different perspective.
